

PLATFORM SCALES

The Trojan platform is one of the most rugged platform bases available in today's scale market. The Trojan platform's are designed for use in hostile environments such as warehouses, food production and transport companies. Using the Trojan platform could not be easier with our range of indicators that have highly visible readouts and international symbolised keyboards for use in any country. With a guaranteed accuracy of 0.1% of the applied load, you will find that this is one of the most reliable platform scales and weigh beams for most applications. All products are backed by a 12 months on-site parts and labour warranty after which we will be at your disposal to offer an annual service contract

Platform Specifications - Mild Steel Version

- Capacities: Non-Trade Approved 1500kg x 0.5kg / 3000kg x 1kg / 6000kg x 2kg
- Capacities: Trade Approved 1500kg x 0.5kg / 3000kg x 1kg / 6000kg x 2kg
- Accuracy: 0.1% of applied load, +/- one scale graduation
- Loadcells: Nickel plated C3 (R60) Load Cells sealed to IP67 as standard
- Junction Box: IP68 Sealed Junction Box fitted with IP68 Cable Glands
- Cables: 2.5 flexible Steel conduit fitted with IP67 connectors at each end
- Standard Finish: High quality industrial paint finish, Durbar or Smooth Goods Plate

Platform Specifications - Stainless Steel Version

- Capacities: Non-Trade Approved 1500kg x 0.5kg / 3000kg x 1kg / 6000kg x 2kg
- Capacities: Trade Approved 1500kg x 0.5kg / 3000kg x 1kg / 6000kg x 2kg
- Accuracy: 0.1% of applied load, +/- one scale graduation
- Loadcells: Stainless Steel C3 (R60) Load Cells Hermetically sealed to IP68
- Junction Box: IP68 Sealed Junction Box fitted with IP68 Cable Glands
- Cables: 2.5m Flexible Stainless Steel conduit fitted with IP68 connectors
- Standard Finish: 304 Stainless Steel/Bead Blasted Finish/Smooth Goods Plate

Scale Specifications - Dimensions

• Platform sizes	800mm x 800mm	1000mm x 1000mm	1000mm x 1250mm
	1250mm x 1250mm	1500mm x 1500mm	1500mm x 1250mm
	1800mm x 1250mm	2000mm x 1500mm	2500mm x 1500mm
	2000mm x 2000mm	3000mm x 1500mm	3000mm x 3000mm

- Other platform sizes available upon request
- Platform height 95mm from floor to the top of the deck
- One year on site warranty parts and labour
- Calibrated and tested by EuroScales Ltd prior to delivery

Options

- Longer cable lengths of 5 metres and 10 metres
- Outputs: RS232 Communications, 4-20mA output or set-points cut-offs available
- Thermal Printer
- Pit mount kits available for all sizes of platform to sink the platform level with the floor
- Single or double ramps available for all sizes of platform for use with pallet trucks
- Gas strut assisted opening lid
- 316 Stainless steel construction
- Drive In/Drive through platform option
